ClariCase

Clarity for Every Civil Case

AI-powered legal clarity platform

The Problem

- Legal cases are complex, document-heavy, and filled with jargon

- Individuals and small businesses struggle to understand their own cases

- Legal clarity is expensive, slow, and inaccessible

The Solution

- ClariCase uses AI to explain civil legal cases in plain English

- Instant summaries and structured insights

- Visual tools that transform complexity into clarity

Core Features

- AI-powered chat for case-specific questions

- Instant case summaries highlighting key facts and issues

- Interactive visual mind maps

- Secure, privacy-first document analysis

Traction

1. 10,000+ legal cases analyzed

2. 95% user satisfaction rate

3. Average response time: 20 sec

4. Available 24/7

User Validation

- Small business owners gain clarity in minutes instead of days

- Visual mind maps reveal hidden connections

- Plain-English explanations remove legal jargon

Business Model

- Free Trial: $0 for first legal case

- Unlimited Plan: $49 per month

Vision

- Make legal understanding accessible to everyone
- Reduce dependency on jargon-heavy explanations
- Become the clarity layer for civil legal cases
